Online Payments

Tired of sending cash with your child every day for their school meals? Page Unified School District now has the ability to accept credit card payments at [mySchoolBucks](#). It is a quick and convenient way to pay for your children's meals and not have to worry about them losing or spending their lunch money on something else. There is no limit to the amount of money you can add. However, convenience does come with a price - a \$2.00 service charge per transaction is added to the total bill. That's how the company can provide the service at no charge to our school district.

The website accepts Visa, Master Card, American Express, and Discover. Page Unified School District still accepts cash or check payments at the school if you prefer not to use your credit card. (Information needed includes name of school your student attends and his/her identification number.)
